

Hazelwood Schools

Home-School Partnership Agreement

Hazelwood Infant and Junior Schools believe in putting the child at the centre of all that we do. Every child is important to us and we strive to ensure that all children are happy, confident and successful individuals. To support this aim we actively promote 12 school values (see below).

At Hazelwood, we are focused on the development of the whole child; ensuring academic achievement whilst also providing children with an inspiring, broad and balanced curriculum. To ensure our children receive a rich and relevant curriculum, our Learning Journeys are underpinned by the following principals: inspire awe and wonder, thinking skills and problem solving, the creative arts and nurturing responsible citizens. From our creative curriculum to our fantastic teaching team, we believe that we offer children engaging and motivating learning experiences that are, wherever possible, real, relevant, immersive and purposeful. With a strong partnership between home and school, our children leave Hazelwood very well prepared for the next stage of their learning journey.

Parent and School Partnership

At Hazelwood Schools we value the link between home and school and the sense of belonging to a community with shared values. It is vital that we work in partnership as the child's first teacher is the parent. Parents teach them to walk, talk, communicate and socialise. They teach them right from wrong and support them in understanding the world around them. As a child starts school the responsibility for learning and educating is not passed on from the parent to the school but is shared between us. Only when we all work in partnership can the child reach their true potential.

We believe that by working in partnership we will ensure your child's success and happiness at our schools. We aim to establish a strong relationship with parents, where there is good communication and an openness to listen, understand and respect each other. We look forward to getting to know you and your child during your time at our schools. We hope that you will be very happy here.

Hazelwood's Core Purpose, Values and Ethos

To achieve educational excellence by inspiring awe and wonder through a broad and balanced creative curriculum.

As you join our learning community we ask you to respect and follow the ethos and values of our schools.

Ethos: Hazelwood is a welcoming, inclusive, friendly, caring and vibrant community.

Values: Our shared values are honesty, respect, responsibility, resilience, tolerance and understanding, fairness, ambition, courage, creativity, kindness, teamwork and trust.
